

Gen AI Mastery Assignment

P. Vishnu vardhan

99230041036

Scenario: Create a Social Media Campaign for a College Event

Goal: Increase awareness and registrations through Instagram, LinkedIn and WhatsApp.

Prompt 1:

Act as an expert college-event social media strategist.

I want to create a social media campaign for the following college event:

Event Name: [🚀 WEBX – INTO THE WEB OF INNOVATION]

College: [Kalasalingam Academy of Research and Education]

Event Type: [Hackathon]

Date: [3rd & 4th October 2026]

Venue: [8th Block Seminar Hall, KARE]

Target Audience: [2nd, 3rd, 4th year students]

Main Activities: [Finding solutions to real-world problems]

Special Attractions: [Prizes, Certificates, Guest speaker]

Registration Details: [Google form]

Contact Information: [6302177970]

Social Media Platforms: Instagram, LinkedIn, WhatsApp

Campaign Goal: Increase event awareness and registrations.

First, analyze the event information and identify:

1. The primary target audience.
2. The 3–5 strongest selling points of the event.
3. The key message the campaign should communicate.
4. The appropriate tone and style.
5. A social media campaign strategy for Instagram, LinkedIn, and WhatsApp.
6. A content plan with suitable post ideas for each platform.

Present the result as a clear, structured campaign plan using headings, bullet points, and a table where appropriate.

Do not invent any event details that I have not provided.

Response for Prompt 1:

 WEBX – INTO THE WEB OF INNOVATION

Social Media Campaign Strategy

Campaign Objective

Primary goal: Increase awareness and registrations for the WEBX hackathon among 2nd, 3rd, and 4th-year students at Kalasalingam Academy of Research and Education.

Campaign period: From the announcement phase through 3rd–4th October 2026.

1. Primary Target Audience

Core audience

- 2nd-year students
- 3rd-year students
- 4th-year students
- Students of Kalasalingam Academy of Research and Education (KARE)
- Students interested in:
 - Solving real-world problems
 - Innovation and technology
 - Hackathon-style problem solving
 - Building solutions
 - Learning from a guest speaker
 - Competing for prizes and earning certificates

Audience motivation

The campaign should make students feel:

“This is an opportunity to turn my ideas into solutions, challenge myself, and gain recognition.”

2. Strongest Selling Points

Based strictly on the information provided, these are the strongest promotional points:

1. Real-World Problem Solving

Participants get the opportunity to work on solutions to real-world problems, making the event practical and innovation-focused.

2. Prizes

The opportunity to compete for prizes creates a strong incentive for participation.

3. Certificates

Participants can earn certificates, giving them an additional reason to participate.

4. 🎤 Guest Speaker

The presence of a guest speaker adds an educational and inspirational element to the hackathon.

5. 💡 Innovation-Focused Hackathon

The event is positioned around innovation, reflected directly in the theme:

“WEBX – INTO THE WEB OF INNOVATION”

3. 📣 Key Campaign Message

Primary message

🚀 Step into the WEB of Innovation with WEBX — a hackathon where you can tackle real-world problems, build innovative solutions, compete for prizes, earn certificates, and learn from a guest speaker.

Short promotional message

Think. Build. Innovate. 🚀
WEBX – INTO THE WEB OF INNOVATION

Call to Action

Register now and be part of WEBX!

The registration CTA should consistently direct students to the Google Form.

4. 🎨 Appropriate Tone & Style

Tone

- 🚀 Energetic
- 💡 Innovative
- 🔥 Exciting
- 🏆 Competitive
- 🎓 Student-focused
- 💪 Action-oriented

Visual style

Use a modern technology/hackathon aesthetic:

- Futuristic visual elements
- Web/network-inspired graphics
- Coding and innovation imagery
- Bold typography
- Short, powerful headlines
- Strong use of the WEBX branding/theme
- Countdown-style graphics as the event approaches

Writing style

Keep social media copy:

Short → energetic → benefit-focused → CTA

Instead of:

“We are pleased to announce that our institution is organizing a hackathon...”

Prefer:

 READY TO BUILD THE FUTURE?

Enter the WEB of Innovation.

WEBX is coming.

5. 📱 Platform Strategy

Platform	Primary Purpose	Content Style	Main CTA
Instagram	Awareness + excitement	Reels, posters, Stories, countdowns	Register Now
LinkedIn	Professional credibility + awareness	Event posts, informative graphics, speaker/event content	Register / Share
WhatsApp	Direct reach + registrations	Posters, messages, reminders, status updates	Register Now

📱 Instagram Strategy

Objective

Create maximum excitement and visibility among students.

Instagram should be the campaign's most visually engaging platform.

Content formats

1. Announcement Post

Introduce WEBX.

Headline:

 WEBX IS HERE!

Include:

- Event name
 - Hackathon
 - Date
 - Venue
 - Target audience
 - Registration CTA
-

2. Event Teaser Reel

Create a short, energetic reel revealing:

A challenge is coming...

Real-world problems.

Innovative solutions.

Prizes.

Certificates.

WEBX. 🚀

End with:

3rd & 4th October 2026

3. Why Participate? Carousel

Possible slides:

1. WHY WEBX? 🚀
 2. Solve real-world problems 💡
 3. Compete for prizes 🏆
 4. Earn certificates 📜
 5. Learn from a guest speaker 🎤
 6. Ready to innovate? Register now!
-

4. Countdown Stories

As October 3 approaches:

7 DAYS TO WEBX 🚀

Then:

3 DAYS TO ENTER THE WEB OF INNOVATION

Then:

TOMORROW! 🔥

5. Registration Reminder

Use a simple graphic:

HAVE YOU REGISTERED YET? 🙄

WEBX – INTO THE WEB OF INNOVATION

3rd & 4th October 2026

📍 8th Block Seminar Hall, KARE

Register through the Google Form.

👜 LinkedIn Strategy

Objective

Present WEBX as an innovation-focused student event and encourage students to participate and share it with their networks.

Recommended content

1. Official Event Announcement

Focus on:

- Event name
- Hackathon format
- Real-world problem solving
- Date
- Venue
- Participation eligibility
- Registration

2. Innovation-Focused Post

Theme:

“What happens when students turn real-world problems into innovative solutions?”

Connect the question to WEBX.

3. Benefits Post

Highlight:

- Real-world problem solving
- Prizes
- Certificates
- Guest speaker
- Innovation

4. Countdown Posts

Examples:

7 Days to WEBX 🚀

3 Days to WEBX

Tomorrow, the WEB of Innovation opens.

5. Event-Day Updates

Share appropriate event updates during October 3–4, such as:

- Event commencement
- Participant activities
- Problem-solving activities
- Guest speaker presence

- Closing/recognition moments

Only publish details that are actually confirmed by the organizers.

WhatsApp Strategy

Objective

Convert awareness into actual registrations.

WhatsApp should focus more on direct communication and reminders than elaborate content.

Use three channels

1. WhatsApp Status

- Event poster
- Teaser
- Benefits
- Countdown
- Registration reminder

2. Student Groups

Send concise promotional messages with the registration Google Form.

3. Direct Sharing

Encourage organizers/volunteers to share the official poster and registration information with relevant student groups.

WhatsApp messaging formula

HOOK → EVENT → BENEFITS → DATE/VENUE → CTA → CONTACT

Example structure:

🚀 WEBX – INTO THE WEB OF INNOVATION

Ready to solve real-world problems? 💡

🏆 Prizes

📜 Certificates

🎤 Guest speaker

📅 3rd & 4th October 2026

📍 8th Block Seminar Hall, KARE

Register through the Google Form.

☎️ 6302177970

6. 📅 Content Plan

Campaign Stage	Instagram	LinkedIn	WhatsApp
Launch	Announcement poster + Reel	Official announcement	Announcement + poster
Awareness	“Why WEBX?” carousel	Innovation-focused post	Benefits message

Campaign Stage	Instagram	LinkedIn	WhatsApp
Engagement	Teaser Reel + Stories	Discussion/innovation post	Status + group sharing
Registration Push	Registration post + Story	Registration reminder	Direct registration message
Countdown	Daily/regular countdown Stories	Countdown posts	Countdown Status
Final Push	“Tomorrow” Reel/Story	Final reminder	Urgent registration reminder
Event Days	Stories + event updates	Event updates	Event reminders/updates
After Event	Event highlights	Event recap	Thank-you message

💡 Recommended Content Ideas

Instagram

1. “WEBX is coming” teaser
2. Official event announcement
3. What is WEBX?
4. Why participate in WEBX?
5. Real-world problems → Innovative solutions
6. Prizes announcement
7. Certificates announcement
8. Guest speaker announcement
9. Registration reminder
10. Countdown Stories
11. Event-day Stories
12. Post-event highlights

LinkedIn

1. Official WEBX announcement
2. The importance of solving real-world problems
3. Introducing WEBX's innovation focus
4. Why students should participate
5. Prizes and certificates
6. Guest speaker announcement
7. Registration reminder
8. Countdown
9. Event updates
10. Event recap

WhatsApp

1. Official event poster
 2. Registration message
 3. Benefits message
 4. Registration reminder
 5. Countdown Status
 6. Final reminder
 7. Event-day updates
 8. Thank-you/recap message
-

Overall Campaign Funnel

The campaign should move students through four stages:

AWARENESS

 “What is WEBX?”

INTEREST

 “This is an opportunity to solve real-world problems.”

DESIRE

 “I can compete, win prizes, earn a certificate and learn from a guest speaker.”

ACTION

 “Register through the Google Form.”

Core Campaign Concept

A consistent campaign theme can be built around:

ENTER THE WEB. SOLVE THE PROBLEM. INNOVATE.

Supporting line:

WEBX – INTO THE WEB OF INNOVATION

And the recurring CTA:

 Register Now |  3rd & 4th October 2026 |  8th Block Seminar Hall, KARE

Contact: 6302177970

This keeps the campaign consistent across Instagram, LinkedIn, and WhatsApp while giving each platform a different role: Instagram creates excitement, LinkedIn builds credibility, and WhatsApp drives registrations.

Prompt 2:

Excellent. Now use the campaign strategy and content plan you just created as the foundation for the actual social media campaign.

Create the following content(No need to generate any images or videos):

1. Instagram promotional post
2. Instagram caption with a strong call-to-action
3. LinkedIn promotional post
4. WhatsApp event announcement
5. Three short promotional taglines
6. A final registration call-to-action

Requirements:

- Use only the event information provided in my original prompt and the strategy you developed in Step 1.
- Keep the tone energetic, youthful, engaging, and professional.
- Make the content suitable for college students.
- Clearly communicate the event name, date, venue, major activities, and registration information wherever appropriate.
- Do not invent facts, statistics, speakers, prizes, or other details.
- Make each platform's content appropriate for that platform.
- Keep the Instagram caption concise and engaging.
- Keep the LinkedIn post professional but appealing to students.
- Keep the WhatsApp announcement short and easy to read.
- Include a clear call-to-action encouraging people to register.

Produce the complete first draft of the campaign with clear headings for each platform.

Response for Prompt 2:

Absolutely — here is the complete first draft, keeping every detail grounded in the information you provided.

1. Instagram Promotional Post

WEBX – INTO THE WEB OF INNOVATION

Ready to turn ideas into solutions? 💡

Join the WEBX Hackathon and take on the challenge of finding solutions to real-world problems.

Solve real-world problems.

Compete for prizes.

Earn certificates.

Learn from a guest speaker.

Register through the Google Form NOW!

6302177970

WEBX is calling. Are you ready to innovate? 

Prompt 3:

Before finalizing the campaign, act as a strict senior social media editor.

Review the campaign you just created against the following checklist:

1. Are all event details consistent with the original information?
2. Did you avoid inventing any facts or unsupported claims?
3. Is the target audience clearly addressed?
4. Is the tone energetic, youthful, engaging, and professional?
5. Does each platform have content appropriate to its audience and format?
6. Are the main attractions and benefits of the event clearly communicated?

7. Does each promotional message have a clear call-to-action?
8. Is the content concise and easy to understand?
9. Are there any grammar, spelling, or clarity problems?
10. Is the campaign likely to encourage students to register?

First, provide a brief critique identifying any weaknesses or checklist items that were not fully satisfied.

Then, correct all identified problems and produce the FINAL polished version of:

- Instagram promotional post
- Instagram caption
- LinkedIn post
- WhatsApp announcement
- Three promotional taglines
- Final registration call-to-action

Do not add any new event facts while refining the content.

Response for Prompt 3:

Senior Editor Review

The campaign is strong overall, but a few points should be tightened before final publication:

- Event consistency: The core details—name, date, venue, hackathon format, audience, activities, prizes, certificates, guest speaker, and contact number—are consistent.
- Unsupported claims: Most claims are supported. However, phrases such as “meaningful solutions,” “this is your opportunity,” and “what awaits” are promotional language rather than factual event details. They are safe, but can be made more direct.
- Target audience: Clearly stated, but it should remain prominent across the main promotional materials.
- Platform fit: Good overall. Instagram can be more punchy and visual; LinkedIn should remain professional; WhatsApp should be especially concise.
- Benefits: The campaign communicates the main attractions well.
- CTA: Present throughout, but the final versions can make the registration action even more prominent.
- Clarity: Some earlier wording was slightly repetitive. The polished version below removes unnecessary repetition.
- Registration information: Since the actual Google Form link was not provided, the content correctly refers to “the Google Form” rather than inventing a URL.

Verdict

9/10 — ready after minor editorial refinement. The revised campaign below is more concise, consistent, and registration-focused without adding any new event information.

FINAL POLISHED CAMPAIGN
